PROFESSIONAL EXPERIENCE

ELYSIAN INTELLIGENCE BUSINESS SOLUTION

Madurai, Tamil Nadu

Software Developer

Nov 2024 - Dec 2025

- Developed and maintained backend services using Python (Django) and PHP (Laravel) for web and mobile-based applications.
- Designed and managed MySQL databases, handled API integrations, and executed business logic for data processing and automation.
- Collaborated with the mobile app development team to provide API architecture and logical solutions, ensuring smooth communication between backend and app interfaces.

CRM & HRM Web Application

- Built a subscription-based CRM & HRM platform enabling branch, lead, and user role management.
- Implemented modules for subscription plans, payments, delivery tracking, and employee management using Django and Laravel.
- Developed secure RESTful APIs to integrate backend logic with the mobile application.
- Enhanced system performance and database efficiency, contributing to faster data retrieval and smoother app integration.

KADIT INNOVATIONS

Kadayanallur, Tamil Nadu

Machine Learning Intern

Aug 2024 - Sep 2024

- Developed a LEGO Brick Prediction project using Python, YOLO, CNN, and OpenCV to identify brick types and colours from images.
- Built a user-friendly interface with Streamlit to allow image upload and real-time predictions.
- Applied data preprocessing, model training, and evaluation to ensure high accuracy in detection.
- Optimised the detection pipeline and integrated image processing algorithms for efficient performance.

EDUCATION

RAMCO INSTITUTE OF TECHNOLOGY

Rajapalayam, Tamil Nadu

Bachelor of Engineering (B.E.), Electronics & Communication Engineering

Jul 2020 - Jul 2024

NOBLE MATRICULATION HIGHER SECONDARY SCHOOL

Periyavallikulam, Tamil Nadu

Higher Secondary (HSC) – Computer Science Group

Jun 2019-May 2020

SOUTHSIDE MATRICULATION HIGHER SECONDARY SCHOOL

Periyavallikulam, Tamil Nadu

Secondary School Leaving Certificate (SSLC)

Jun 2017-Mar 2018

ADDITIONAL INFORMATION

- Program Management: SDLC (Software Development Life Cycle), Jira, Git, Agile Methodology
- Technical Skills: Python, Django, PHP, SQL, HTML, CSS, JavaScript, AWS, Streamlit, REST API, React.js
- Certifications: Python Programming Certificate, Deloitte Cyber Job Simulation, SQL Certification
- Professional Interests: DevOps, Cybersecurity, Backend Development, Full-Stack Web Development
- Current Learning Focus: DevOps fundamentals, Cybersecurity basics, Node.js
